

System functions

On the Login screen it is possible to change the URL of the LS Omni server that the app is supposed to communicate with, change store ID, Terminal ID, update frequency, batch size, enable full replication and adjust app timeout.

On the Login screen you can also access the log.

If you already have credentials to logon and have the correct server url, you can proceed with the login.

If you are missing login credentials, contact your LS NAV administrator.

Account functions

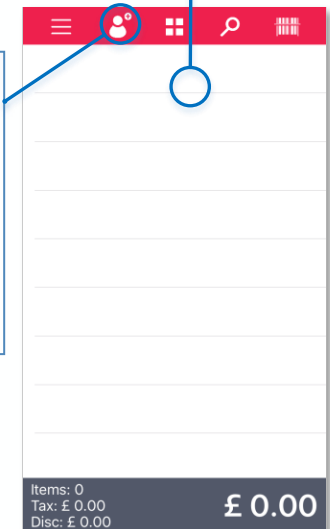

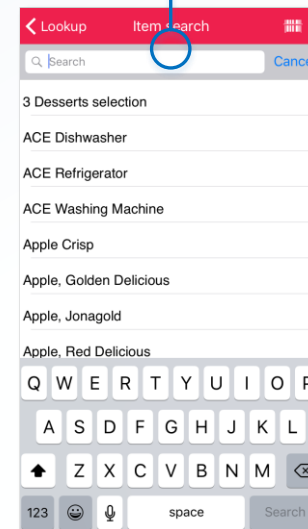

When successfully logged on, this screen appears

If you tap on Scan/Lookup, you enter the Item lookup screen. From this screen you can find loyalty contacts by tapping on the „Find loyalty Contact“ tab. Under that screen, you can also create loyalty contact.

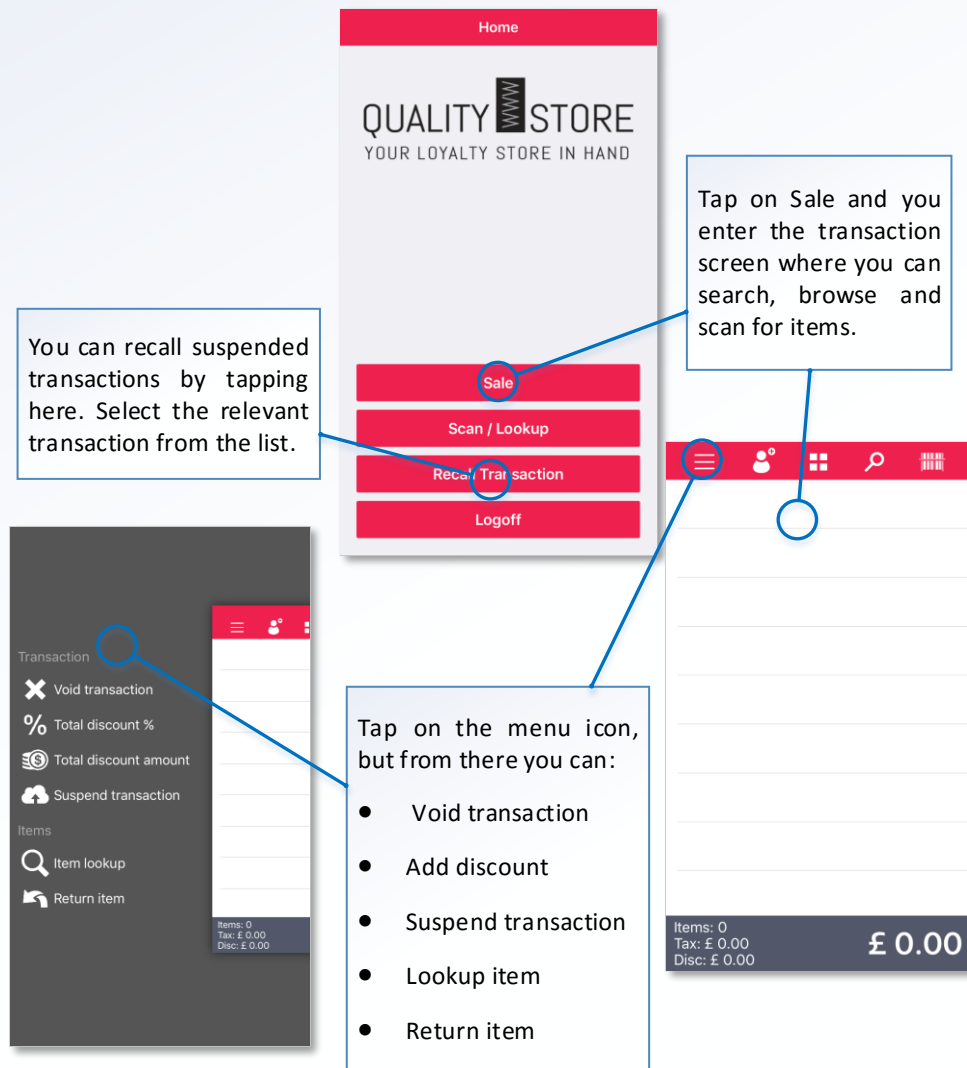

When tapping on sale, you enter the transaction screen.

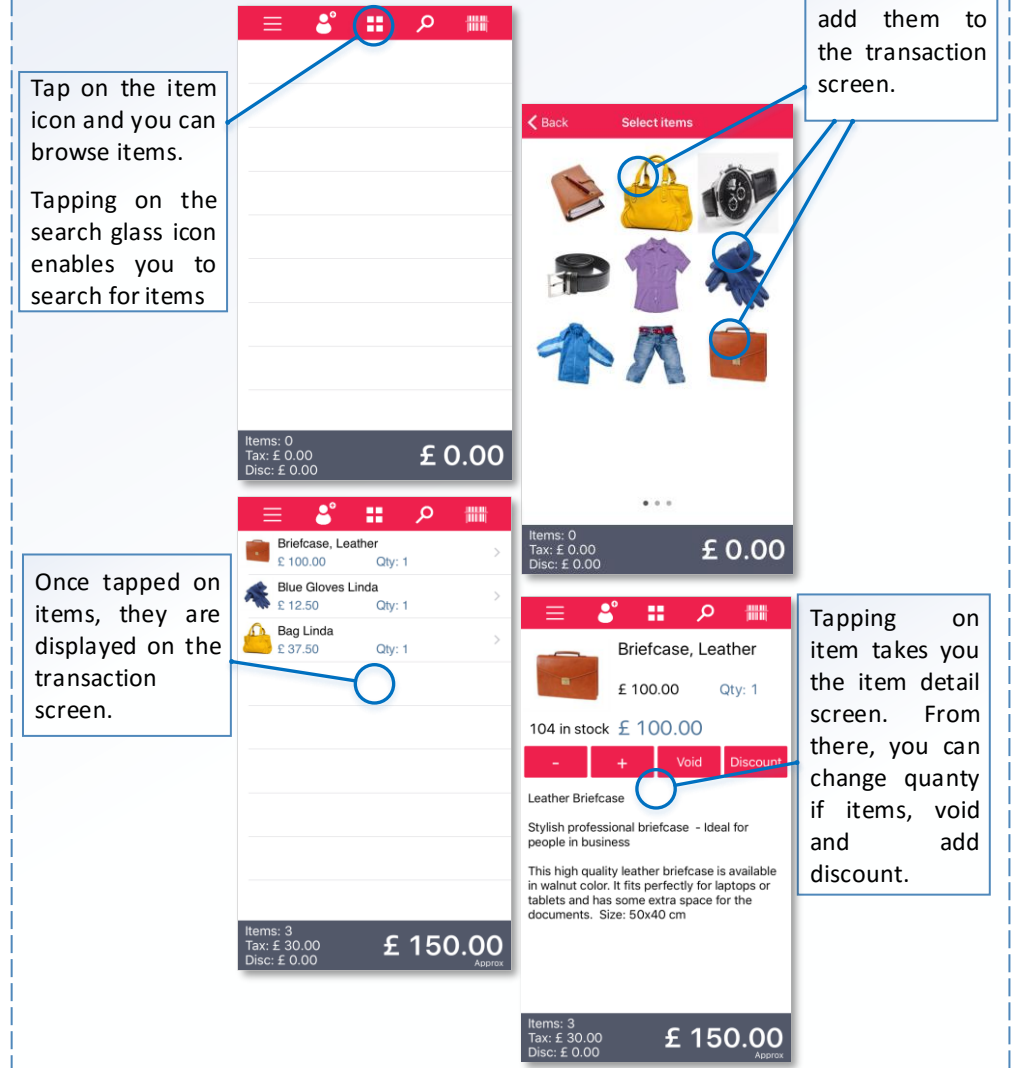

If you tap on the contact icon, you will enter the loyalty & customer screen. From there you can search for loyalty & customer contacts and also create Loyalty contacts.

App functions

Item functions

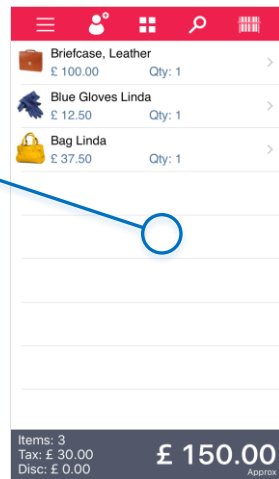

Scanning items

You can access the scan function both by tapping on the Sale button or the Scan / Lookup button.

You can scan both barcodes and QR codes

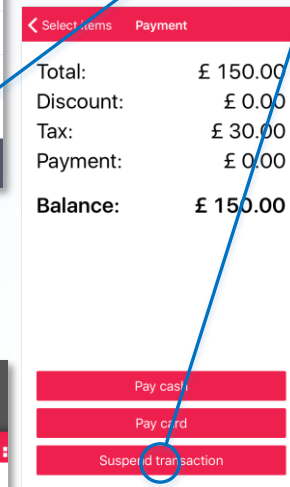

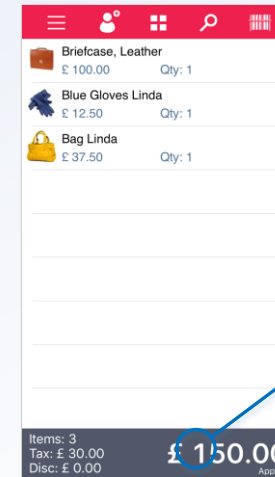

If scan is successful, the scanned items are added to the transaction screen

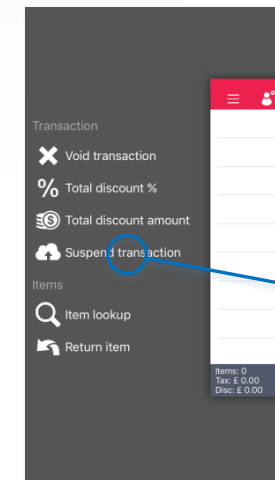

Suspending and Recalling transaction

If you need to suspend the transaction then tap on the price field to enter the checkout screen and from there you can tap on the Suspend Transaction button. You can add an identifier if you want.

To recall the suspended transaction, tap on the menu icon on the home screen and then tap on Suspended Transaction and from there you can select the correct transaction to recall.

Adding Loyalty contact or customer

On the transaction screen you can add a loyalty contact or a customer to the transactions.

Search for the Loyalty contact / Customer or create a Loyalty contact.
It is also possible to create a Loyalty contact

Transaction screen showing a list of items and a total of £ 0.00. A red circle highlights the user icon in the top navigation bar.

Create account screen with fields for Email, Password, Confirm password, and Name. A red circle highlights the 'Create account' button.
